+ 3% BONUS**

"I would recommend a placement to anyone who is looking to experience a great place to work and grow. Everybody says it is the people that make Danone, and I would echo that once more, because everybody has a vested interest in helping one another and making it a fantastic learning environment."

HANNAH SKEGGS
BOURNEMOUTH UNIVERSITY
CORPORATE AFFAIRS-
NUTRITIONIST

SARAH MILLS
KING'S COLLEGE LONDON
NUTRITIONIST

"From day one I was given projects that embodied the Danone mission, something that as a nutritionist is very important to my job satisfaction. I was given the opportunity to grow and develop with responsibility in my objectives, but also support and guidance. No two days are the same but I wouldn't want it any different!"

"Following my placement I have been offered a role with Danone. My placement gave me a clear insight on where I wanted to take my career, and helped me find a fantastic company ready to invest in me so I could achieve my ambitions. I believe the people, culture and opportunities available here are an unbeatable combination."

EDDY YUAN
LOUGHBOROUGH UNIVERSITY
